CARTER AS CARBURETOR PARTS The Carter AS is a single bore downdraft carburetor which incorporates two light weight aluminum castings. Readily accessible adjustments and the combined body flange casting make it easy to service. All fuel and vacuum passages are confined to the two castings; calibration points are easy to check and clean in service.

Carter Carburetors | Hemmings

The BBD was a two-barrel carburetor manufactured by Carter during the 1960s and 1970s. The BBD was produced exclusively for Chrysler, Plymouth and Dodge vehicles. As with all carburetors, the BBD requires periodic adjustments. The idle mixture screws determine the amount of air and fuel distributed by the carburetor. ...
