Manual Of Pediatric Therapeutics

This manual is written in an easy way to read. If I had to ask for just one manual on pediatric therapeutics, this would be it. This is a great manual for any ward, clinic, resident lounge, and the emergency department. As a consultant of Pediatrics, I highly recommend this book to practicing pediatricians, family practitioners.

Policy on Acute Pediatric Dental Pain Management - AAPD

Manual of Pediatric Therapeutics is designed, in Dr Charles Janeway's foreword, to be "the Pocket House Officer," a source of specific information necessary immediately in dealing with the child who is seriously ill in the hospital as well as the child seen in an ambulatory setting. In general, this aim is achieved and there is a wealth of data concisely presented.
